

Medica Central Health Plan  
Medica Advantage (HMO-POS)

---

# 2025 Formulary

## List of Covered Drugs or "Drug List"

**PLEASE READ: THIS DOCUMENT CONTAINS  
INFORMATION ABOUT THE DRUGS WE COVER IN  
THIS PLAN**

HPMS Approved Formulary File ID#00025089, V.11

This formulary was updated on 04/01/2025. For more recent information or other questions, please contact Medica Central Health Plan Member Services at **1 (877) 301-3326** (TTY:711), 8 am – 8 pm, weekdays (year-round) and weekends (Oct. 1 – Mar. 31), or visit **Central.Medica.Com/Medicare**.

## Note to Existing Members

**This formulary has changed since last year.** Please review this document to make sure that it still contains the drugs you take.

When this drug list (formulary) refers to “we,” “us” or “our,” it means Medica Central Health Plan. When it refers to “plan” or “our plan,” it means Medica Central Health Plan:

- Medica Advantage with SSM Value (HMO-POS)
- Medica Advantage Salute (HMO-POS) MA Only

This document includes Drug List (formulary) for our plan which is current as of 04/01/2025. For an updated formulary, please contact us. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

You must generally use network pharmacies to use your prescription drug benefit. Benefits, formulary, pharmacy network, and/or copayments/coinsurance may change on January 1, 2025 and from time to time during the year.

## What is the Medica Central Health Plan Formulary?

In this document, we use the terms Drug List and formulary to mean the same thing. A formulary is a list of covered drugs selected by Medica Central Health Plan in consultation with a team of health care providers, which represents the prescription therapies believed to be a necessary part of a quality treatment program. Medica Central Health Plan will generally cover the drugs listed in our formulary as long as the drug is medically necessary, the prescription is filled at a Medica Central Health Plan network pharmacy, and other plan rules are followed. For more information on how to fill your prescriptions, please review your Evidence of Coverage.

For a complete listing of all prescription drugs covered by Medica Central Health Plan, please visit our website or call us. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

## Can the Formulary (drug list) change?

Most changes in drug coverage happen on January 1, but Medica Central Health Plan may add or remove drugs on the formulary during the year, move them to different cost-sharing tiers, or add new restrictions. We must follow the Medicare rules in making these changes. Updates to the formulary are posted monthly to our website here: [Central.Medica.com/Medicare/Medicare-Advantage-part-D-pharmacy-benefits/Medicare-Advantage-formulary](https://www.centralmedica.com/Medicare/Medicare-Advantage-part-D-pharmacy-benefits/Medicare-Advantage-formulary).

**Changes that can affect you this year:** In the below cases, you will be affected by coverage changes during the year:

- **Immediate substitutions of certain new versions of brand name drugs and original biological products.** We may immediately remove a drug from our formulary if we are replacing it with a certain new version of that drug will appear on the same or lower cost-sharing tier and with the same or fewer restrictions. When we add a new version of a drug to our formulary, we may decide to keep the brand name drug or original biological product on our formulary, but immediately move it to a different cost-sharing tier or add new restrictions.

We can make these immediate changes only if we are adding a new generic version of a brand name drug, or adding certain new biosimilar versions of an original biological product, that was already on the formulary (for example, adding an interchangeable biosimilar that can be substituted for an original biological product by a pharmacy without a new prescription).

If you are currently taking the brand-name drug, or original biological product, we may not tell you in advance before we make an immediate change, but we will later provide you with information about the specific change(s) we have made.

If we make such a change, you or your prescriber can ask us to make an exception and continue to cover for you the drug that is being changed. For more information, see the section below titled “How do I request an exception to the Medica Central Health Plan’s Formulary?”

Some of these drug types may be new to you. For more information, see the section below titled “What are

original biological products and how are they related to biosimilars?

- **Drugs removed from the market.** If a drug is withdrawn from sale by the manufacturer or the Food and Drug Administration (FDA) determines to be withdrawn for safety or effectiveness reasons, we may immediately remove the drug from our formulary and later provide notice to members who take the drug.
- **Other changes.** We may make other changes that affect members currently taking a drug. For instance, we may add a new generic drug to replace a brand-name drug currently on the formulary, or add a new biosimilar to replace an original biological product currently on the formulary, or add new restrictions or move a drug we are keeping on the formulary to a higher cost-sharing tier or both after we add a corresponding drug. We may make changes based on new clinical guidelines. If we remove drugs from our formulary, add prior authorization, quantity limits and/or step therapy restrictions on a drug or move a drug to a higher cost-sharing tier, we must notify affected members of the change at least 30-days before the change becomes effective. Alternatively, when a member requests a refill of the drug, they may receive a 30-day supply of the drug and notice of change.
  - If we make these other changes, you or your prescriber can ask us to make an exception for you and continue to cover the drug you have been taking. The notice we provide you will also include information on how to request an exception, and you can also find information in the section below entitled “How do I request an exception to the Medica Central Health Plan Formulary?”

**Changes that will not affect you if you are currently taking the drug.** Generally, if you are taking a drug on our 2025 formulary that was covered at the beginning of the year, we will not discontinue or reduce coverage of the drug during the 2025 coverage year except as described above. This means these drugs will remain available at the same cost-sharing and with no new restrictions for those members taking them for the remainder of the coverage year. You will not get direct notice this year about changes that do not affect you. However, on January 1 of the next year, such changes would affect you, and it is important to check the Formulary for the new benefit year for any changes to drugs.

The enclosed formulary is current as of 04/01/2025. To get updated information about the drugs covered by Medica Central Health Plan, please contact us. Our contact information appears on the front and back cover pages. In the event that Medica Central Health Plan has CMS-approved non-maintenance changes to the formulary throughout the plan year (i.e., remove drugs from our formulary, add prior authorization, quantity limits and/or step therapy restrictions on a drug, or move a drug to a higher cost-sharing tier), Medica Central Health Plan will update our formulary and post it on our website. You will also be notified in writing if you are affected by the changes via errata sheets. We also maintain and update our online formulary on a monthly basis.

## How do I use the Formulary?

There are two ways to find your drug within the formulary:

### Medical Condition

The formulary begins on page 9. The drugs in this formulary are grouped into categories depending on the type of medical conditions that they are used to treat. For example, drugs used to treat a heart condition are listed under the category, “Cardiovascular Agents-Misc.” If you know what your drug is used for, look for the category name in the list that begins on page 9. Then look under the category name for your drug.

### Alphabetical Listing

If you are not sure what category to look under, you should look for your drug in the Index that begins on page 100. The Index provides an alphabetical list of all of the drugs included in this document. Both brand-name drugs and generic drugs are listed in the Index. Look in the Index and find your drug. Next to your drug, you will see the page number where you can find coverage information. Turn to the page listed in the Index and find the name of your drug in the first column of the list.

## What are generic drugs?

Medica Central Health Plan covers both brand-name drugs and generic drugs. A generic drug is approved by the FDA as having the same active ingredient as the brand-name drug. Generally, generic drugs work just as well as and usually cost less than brand name drugs. There are generic drug substitutes available for many brand name drugs. Generic drugs usually can be substituted for the brand name drug at the pharmacy without needing a new prescription, depending on state laws.

## What are biological products and how are they related to biosimilars?

On the formulary, when we refer to drugs, this could mean a drug or a biological product. Biological products are drugs that are more complex than typical drugs. Since biological products are more complex than typical drugs, instead of having a generic form, they have alternatives that are called biosimilars. Generally, biosimilars work just as well as the original biological product and may cost less. There are biosimilar alternatives for some original biological products. Some biosimilars are interchangeable biosimilars and, depending on state laws, may be substituted for the original biological product at the pharmacy without needing a new prescription, just like generic drugs can be substituted for brand name drugs.

- For discussion of drug types, please see the Evidence of Coverage, Chapter 5, Section 3.1, "The 'Drug List' tells which Part D drugs are covered."

## Are there any restrictions on my coverage?

Some covered drugs may have additional requirements or limits on coverage. These requirements and limits may include:

- **Prior Authorization (PA):** Medica Central Health Plan requires you (or your physician) to get prior authorization for certain drugs. This means that you will need to get approval from Medica Central Health Plan before you fill your prescriptions. If you don't get approval, Medica Central Health Plan may not cover the drug.
- **Prior Authorization Restriction for Part B vs Part D Determination (PA BvD):** This drug may be eligible for payment under Medicare Part B or Part D. You (or your physician) are required to get prior authorization from Medica Central Health Plan to determine that this drug is covered under Medicare Part D before you fill your prescription for this drug. Without prior approval, Medica Central Health Plan may not cover this drug.
- **Prior Authorization Restriction for New Starts Only (PA NSO):** If this drug is new to the member, you (or your physician) are required to get prior authorization from Medica Central Health Plan before you fill your prescription for this drug. Without prior approval, Medica Central Health Plan may not cover this drug.
- **Quantity Limits (QL):** For certain drugs, Medica Central Health Plan limits the amount of the drug that Medica Central Health Plan will cover. For example, Medica Central Health Plan provides 30 tablets per prescription for Rybelus. This may be in addition to a standard one-month or three-month supply.
- **Step Therapy (ST):** In some cases, Medica Central Health Plan requires you to first try certain drugs to treat your medical condition before we will cover another drug for that condition. For example, if Drug A and Drug B both treat your medical condition, Medica Central Health Plan may not cover Drug B unless you try Drug A first. If Drug A does not work for you, Medica Central Health Plan will then cover Drug B.
- **Non-Mail-Order Drug (NM):** You may be able to receive greater than a one-month supply of most of the drugs on your Formulary via mail order at a reduced cost share. Drugs not available via your mail-order benefit are noted with "NM" in the notes column of your Formulary.
- **Limited Distribution (LD):** The symbol (LD) next to a drug name indicates that the drug has been noted as being restricted to certain pharmacies by the Food and Drug Administration. These drugs can only be obtained at specialty designated pharmacies able to appropriately handle the drugs.
- **Non-Extended Day Supply (NDS):** Previously labeled as "NM" for "Non-Mail-Order Drug." You may be able to receive greater than a 1-month supply of most of the drugs on your Formulary via mail order at a reduced cost share. Drugs noted with "NDS" are limited to a 1-month supply for both Retail and Mail Order.
- **Step Therapy for New Starts Only (ST\_NS):** If this drug is new to you, you are required to first try certain drugs to treat your medical condition before we will cover another drug for that condition.
- **Insulins (INS):** Insulin products at a maximum \$35 per month.
- **Vaccine (VAC):** Medicare Part D Vaccines covered at \$0.

You can find out if your drug has any additional requirements or limits by looking in the formulary that begins on page 9. You can also get more information about the restrictions applied to specific covered drugs by visiting our website. We have posted documents online that explain our prior authorization and step therapy restrictions. You may also ask us to send you a copy. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

You can ask Medica Central Health Plan to make an exception to these restrictions or limits or for a list of other, similar drugs that may treat your health condition. See the section, "How do I request an exception to the Medica Central Health Plan formulary?" page 5 for information about how to request an exception. For information about how to request an exception. Diabetic supplies are limited to Accu-Chek. Insulins that are part of the Senior Savings Program are marked with "SI" in the formulary and have a max copay of \$30-\$35. All diabetic supplies including test strips, insulin needles and alcohol wipes are all \$0.

## What if my drug is not on the Formulary?

If your drug is not included in this formulary (list of covered drugs), you should first contact Member Services and ask if your drug is covered.

If you learn that Medica Central Health Plan does not cover your drug, you have two options:

- You can ask Member Services for a list of similar drugs that are covered by Medica Central Health Plan. When you receive the list, show it to your doctor and ask him or her to prescribe a similar drug that is covered by Medica Central Health Plan.
- You can ask Medica Central Health Plan to make an exception and cover your drug. See below for information about how to request an exception.

## How do I request an exception to the Medica Central Health Plan Formulary?

You can ask Medica Central Health Plan to make an exception to our coverage rules. There are several types of exceptions that you can ask us to make.

- You can ask us to cover a drug even if it is not on our formulary. If approved, this drug will be covered at a pre-determined cost-sharing level, and you would not be able to ask us to provide the drug at a lower cost-sharing level.
- You can ask us to waive coverage restrictions or limits on your drug. For example, for certain drugs, Medica Central Health Plan limits the amount of the drug that we will cover. If your drug has a quantity limit, you can ask us to waive the limit and cover a greater amount.
- You can ask us to cover a formulary drug at lower cost-sharing level (if this drug is not on the specialty tier). If approved, this would lower the amount you must pay for your drug.

Generally, Medica Central Health Plan will only approve your request for an exception if the alternative drugs included on the plan's formulary, or additional utilization restrictions would not be as effective for you and/or would cause you to have adverse effects.

You or your prescriber should contact us to ask us for an initial coverage decision for a formulary, or utilization restriction exception. **When you request an exception, your prescriber will need to explain the medical reasons why you need the exception.** Generally, we must make our decision within 72 hours of getting your prescriber's supporting statement. You can ask for an expedited (fast) exception if you believe, and we agree, that your health could be seriously harmed by waiting up to 72 hours for a decision. If we agree, or if your prescriber asks for a fast decision, we must give you a decision no later than 24 hours after we get your prescriber's supporting statement.

## **What do I do before I can talk to my doctor about changing my drugs or requesting an exception?**

As a new or continuing member in our plan you may be taking drugs that are not on our formulary. Or, you may be taking a drug that is on our formulary but has a coverage restriction, such as prior authorization. You should talk to your prescriber about requesting a coverage decision to show that you meet the criteria for approval, switching to an alternative drug that we cover, or requesting a formulary exception so that we will cover the drug you take. While you and your doctor determine the right course of action for you, we may cover your drug in certain cases during the first 90 days you are a member of our plan.

For each of your drugs that is not on our formulary or has a coverage restriction, we will cover a temporary 30-day supply. If your prescription is written for fewer days, we'll allow refills to provide up to a maximum 30-day supply of medication. If coverage is not approved, after your first 30-day supply, we will not pay for these drugs, even if you have been a member of the plan less than 90 days.

If you are a resident of a long-term care facility and you need a drug that is not on our formulary or if your ability to get your drugs is limited, but you are past the first 90 days of membership in our plan, we will cover a 31-day emergency supply of that drug while you pursue a formulary exception.

### **For more information**

For more detailed information about your Medica Central Health Plan prescription drug coverage, please review your Evidence of Coverage and other plan materials.

If you have questions about Medica Central Health Plan, please contact us. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

If you have general questions about Medicare prescription drug coverage, please call Medicare at 1-800-MEDICARE (1-800-633-4227) 24 hours a day/7 days a week. TTY users should call 1-877-486-2048. Or, visit [medicare.gov](http://medicare.gov)

### **Medica Central Health Plan's Formulary**

The formulary that begins on page 9 provides coverage information about the drugs covered by Medica Central Health Plan. If you have trouble finding your drug in the list, turn to the Index that begins on page 100.

The first column of the chart lists the drug name. Brand-name drugs are capitalized (e.g., LIDODERM and generic drugs are listed in lower-case italics (e.g., lidocaine).

The information in the Requirements/Limits column tells you if Medica Central Health Plan has any special requirements for coverage of your drug.

## What you need to know about YOUR Cost of your Drug.

Review your medication on the formulary and the tier it is on to understand how much per month or 90 days that it will cost you.

	Tier Level	Mail Order		Tier Level	Preferred Pharmacy	Non-preferred Pharmacy

## Keys and Abbreviations

### Drug Name column key:

- *lowercase italics* = Generic drugs
- ALL CAPS = Brand name drugs

### Tier column key:

- Tier 1 Preferred generic drugs
- Tier 2 Generic drugs
- Tier 3 Preferred brand name drugs and non-preferred generics
- Tier 4 Non-preferred drugs
- Tier 5 Specialty drugs
- Tier 6 Part D Vaccines

### Key of abbreviations in the Requirements/Limits column:

- **LD** indicates that the drug has been noted as being restricted to certain pharmacies by the Food and Drug Administration. This prescription may be available only at certain pharmacies. For more information consult your Pharmacy Directory or call **1 (877) 301-3326 (TTY:711)**, 8 am – 8 pm, weekdays (year-round) and weekends (Oct. 1 – Mar. 31), or visit **Central.Medica.Com/Medicare**
- **PA** indicates that prior authorization may apply.
- **PA BvD** indicates that prior authorization may apply for medications that could be eligible for payment under either Medicare Part B or Part D.
- **PA NSO** indicates that prior authorization may apply on certain medications for new members of the plan.
- **QL** indicates that quantities dispensed may be limited.
- **ST** indicates that step therapy may apply.
- **NM** indicates that the drug is not available via your mail-order benefit.
- **INS** indicates a formulary insulin
- **GC** indicates that we provide additional coverage of this prescription drug in the coverage gap. Please refer to our Evidence of Coverage for more information about this coverage
- **ST\_NS0** indicates that you are required to first try certain drugs before coverage of another drug for the same condition
- **VAC** indicates Medicare Part D Vaccine coverage at \$0
